For Spring Planting

The plants offered herein are all sturdy, either nursery grown or established in pots, and can be depended upon being true to name and giving effect by flowering satisfactorily the first season. Our stock of goods is very large, having upwards of 500,000 plants to draw from. ¶ We make a specialty of supplying Landscape Gardeners, Dealers and others in the trade. ¶ We print real prices, which, as long as unsold and without engagement, we are willing to accept. ¶ The prices are net, except being subject to five per cent. when cash accompanies order, otherwise payable in thirty days from date of invoice on approved credit. ¶ Packing charges at cost, f. o. b. Sparkill, N. Y. To meet reputable competition, we will reduce our prices still further on being given the opportunity. Six of one kind furnished at dozen rates, 25 at 100 rates, 250 at 1000 rates, unless otherwise specified

IRIS. (Fleur de Lys.) There are few hardy plants more useful and so decorative either for beds, groups, or as cut flowers. This is particularly so with the Japan section, it being quite common to find flowers measuring over six inches across, and their being perfectly hardy, in- crease in beauty from year to year, with very little attention.

ANGLO-AMERICAN LAWN GRASS SEED MIXTURE.

The formula used in the preparation of the Anglo-American mixture is based upon that used in England for making the celebrated lawns of that country. The knowledge of this formula was acquired by ourselves after many years of experiment in Europe and the United States. Grasses in the English formula found unsuitable for the American climate are eliminated and replaced by other more desirable sorts.

Lawn Grass is sometimes quoted by the standard bushel of 14 lbs., which is confusing and which should be borne in mind when comparing prices, as 14 lbs. of our Lawn Grass Seed would cost but \$2.45.

THE ANGLO-AMERICAN LAWN GRASS SEED is put up in one-quart and four-quart carton boxes, ¼ bushel, ½ bushel, and one bushel canvas bags. Wholesale Price: Per quart, 15c.; 4 quarts, 55c.; ¼ bushel of 5 lbs., \$1.00; 1 bushel of 20 lbs., \$3.50. One-half bushel at bushel rates. To dealers who wish to sell our Lawn Grass we will supply it in quart packages at \$12.50 per 100 quarts, but no less than 25 quarts at this rate.
